How Critical HealthEventsSM benefits are paid

When applying for Critical HealthEvents, you select a benefit amount. This is the maximum amount you can receive each year in benefits. Critical HealthEvents pays benefits at either **100%, 50% or 10%** of that annual maximum, depending on the diagnosis you receive. Payouts per year will not exceed your annual maximum.

Example:

If you collect 10% of your benefit in January, and then receive a diagnosis at the 100% level in September of the same year, your second payment will be 90% of your annual maximum (the entire remaining amount.)

Your benefit isn't "one and done." As long as you have the policy, the benefit will start fresh every year, with no lifetime limit for new diagnoses.
