

90-DAY PRESCRIPTION FILLS

Filling your medications just got easier with the Cigna 90 Now program

You have a lot going on. Remembering to pick up your refill each month isn't always easy. We have a program that can help – it's called Cigna 90 NowSM.

The **Cigna 90 Now** program makes it easier for you to fill your maintenance medications. These are the medications you take every day to treat an ongoing health condition like diabetes, high blood pressure, high cholesterol or asthma.

With the Cigna 90 Now program, your plan covers maintenance medications when you fill them:

1. In a 90-day (or three month) supply,¹ and
2. At an in-network pharmacy that's approved to fill 90-day prescriptions.

Your plan only allows a certain number of fills in a lesser amount. Once you run out of those fills, your plan coverage will only apply to your medication if you fill it in a 90-day supply.

A 90-day supply helps make life easier

You'll make fewer trips to the pharmacy for refills. And you're more likely to stay healthy because with a 90-day supply on-hand, you're less likely to miss a dose.²

Choose the pharmacy that's most convenient for you. Retail or home delivery.³

There are thousands of retail pharmacies in your plan's network. They include local pharmacies, grocery stores, retail chains and wholesale warehouse stores – all places where you may already shop. **Every pharmacy in your plan's network can fill 30-day prescriptions, and a select number of pharmacies can fill 90-day prescriptions.**

Here are some of the retail pharmacies in your plan's network that can fill a 90-day prescription.⁴ You can also go to **Cigna.com/Rx90network** to find more pharmacies in your plan's network.

- ▶ **CVS** (including Target and Navarro)
- ▶ **Walmart**
- ▶ **Kroger** (including Harris Teeter Pharmacy, Pick N Save Pharmacy, Fred Meyer Pharmacy, Fry's Food and Drug)
- ▶ **Access Health** (including Benzer Pharmacy, Marcs, Big Y Pharmacy, Marsh Drugs, LLC, Snyder Drug Emporium)
- ▶ **Elevate Provider Network** (including Super RX Pharmacy, Medical Center Pharmacy, Family Pharmacy, King Kullen Pharmacy)
- ▶ **Cardinal Health** (including Freds Pharmacy, Medicine Shoppe Pharmacy, Medicap Pharmacy)

Together, all the way.®

Offered by Cigna Health and Life Insurance Company or its affiliates.

Use home delivery and get your medication delivered to your door, and more.³

Home delivery may be a convenient option when you're taking a medication every day to treat an ongoing health condition. Our home delivery pharmacy will ship your medication to you at no extra cost. And they'll send you reminders so you don't miss a dose. To get started using home delivery, call **800.835.3784**.

Questions?

Call the number on your Cigna ID card. You can also chat with us online on the **myCigna®** website, Monday–Friday, 9:00 am–8:00 pm EST.

Get a 90-day prescription for your maintenance medication

Take your prescription to a 90-day retail pharmacy in your network, or mail it in for home delivery³

Get a 90-day (or three month) supply for convenience

1. Some medications aren't available in a 90-day supply and may only be packaged in lesser amounts. For example, three packages of oral contraceptives equal an 84-day supply. Even though it's not a "90-day supply," it's still considered a 90-day prescription.
2. Internal Cigna analysis performed Jan 2019, utilizing 2018 Cigna national book of business average medication adherence (customer adherent > 80% PDC), 90-day supply vs. those who received a 30-day supply taking antidiabetics, RAS antagonist and statins.
3. Not all plans offer home delivery as a covered pharmacy option. Please log in to the myCigna app or website, or check your plan materials, to learn more about the pharmacies in your plan's network.
4. Participating Cigna 90 Now pharmacies as of July 2019. Subject to change.

Health benefit plans vary, but in general to be eligible for coverage a drug must be approved by the Food and Drug Administration (FDA), prescribed by a health care professional, purchased from a licensed pharmacy and medically necessary. If your plan provides coverage for certain prescription drugs with no cost-share, you may be required to use an in-network pharmacy to fill the prescription. If you use a pharmacy that does not participate in your plan's network, your prescription may not be covered, or reimbursement may be limited by your plan's copayment, coinsurance or deductible requirements. Refer to your plan documents for costs and complete details of your plan's prescription drug coverage.

Product availability may vary by location and plan type and is subject to change. All group health insurance policies and health benefit plans contain exclusions and limitations. For costs and details of coverage, review your plan documents.
